4. Sister Water, ever flowing, ocean, river, pond and rain.
Drink we now and quench our thirsting; cleanse us, we begin again.
Mist and ice, a host of changes: all that courage will allow.
With the cup, the holy chalice, West we ask you: be here now.
5. Lover Spirit, intuition in the center of our souls.
In your love we find relation. All connected, we are whole.
Timeless mystery, quiet conscience, deepest values, voice inside.
With the drum and with the cauldron, this we ask you: be our guide.
